

Building excellence, building community.

Dear Home Show Exhibitors,

Thank you all for your support in the 2020 Builders' Home Show and Lifestyle Expo. The reality of COVID-19 has now turned to the Helena Building Industry Association and the decision has been made to postpone the Home Show scheduled March 28-29, 2020 at the Lewis and Clark Fairgrounds. While this is a very disappointing decision, it is in the best interest of our vendors, attendees, and general public. We hold the Home Show for your business, we want it to be a successful business decision for you to participate in the event. With that, we will work hard to ensure the new date will be effective for each of you.

As of today, the Home Show has been moved to June 27-28, 2020. I understand this is a busy time for a lot of businesses in the trades industry, but given circumstances out of our control, the date options are limited. If you are able (or not) to accommodate the new date, please email staff@helenabia.com with your business name and confirmation or denial of participation. In the event you are unable to participate, we will work together on a cancellation package to ensure your business is not negatively impacted by your commitment to the Home Show.

We will continue to work together through this reality. Thank you for your support and understanding during these difficult times. Please do not hesitate to email or call with questions, comments or concerns.

Sincerely,

A handwritten signature in black ink that reads 'Darcy Larson'.
